An Essential Estate
Planning Tool...

- ✓ Simple to use
- ✓ Affordable
- ✓ Private and Discreet

Many of us have information about assets, financial accounts, and personal data that we would like to see passed on privately to our heirs that we may be hesitant to share before we have actually departed this world.

iGoodbye.com is a simple, easy to use and inexpensive service that holds your electronic documents in trust during your lifetime. iGoodbye.com is a kind of sudden-death insurance policy for information. Documents are released to the recipients you specify only after we verify that you have passed away.

You can store any file that you wish kept in trust until your death. People have many reasons to keep certain information private and do not wish this information to be given to heirs until they have passed away. We don't just store wills and trusts. Examples could include the true value or location of
